

# Taking Your COMPASS Test from a Distance

## **DISTANCE COMPASS TEST**

If you are interested in applying to Rhodes State College and are currently living/working some distance away from campus (another part of the state or in another state), we can help you complete your COMPASS placement through a COMPASS remote test site near your current location. Call the Rhodes State College Testing Center at 1-419-995-8476. We will help you make the necessary arrangements in a short phone call.

Once you schedule your test through the Rhodes State College Testing Center, you will receive an email notification that includes the date, time, location, and test deadline. You will be required to pay any test fees associated with the COMPASS test at the alternative test site.

Prior to testing, you are required to call your alternative test site to get information on office hours, required identification and directions to the testing location. Your score results will be sent electronically to Rhodes State College Testing Center immediately after your test concludes.
