Fast Track CISCO IT Training at Rhodes State

LIMA, Ohio -- Rhodes State College is offering a Cisco Certified Network Associate (CCNA) training program starting July 11. These fast-track, hands-on courses give participants a foundation in and apprentice knowledge of networking for the small office/home office market. They will enable professionals to install, configure and operate LAN, WAN and VPN for small networks with 100 nodes or fewer.

Classes will meet on Saturdays through the end of September and focus on A+ Certification (IT essentials: PC Hardware and Software) July 11, July 18, and July 25, 8:00am – 5:00pm and Interconnecting Cisco Networking Devices with CCNA ICND1 on August 1, 8, 15 and 22, 8:00am – 3:00pm and CCNA ICND2 on September 5, 12, 19 and 26, 8:00am – 3:00pm.

Rhodes State College is a certified CISCO Networking Academy with top Cisco-trained networking faculty.

Completion of these courses will prepare students for the associate-level certification and would qualify them for a systems administrator job with a pay range of \$43,000 - \$63,000/year. Courses are affordably priced and discounts are available for early registration through June 30th. Call (419) 995-8406 for additional information and to register.
