

# 10 THINGS YOU SHOULD KNOW ABOUT RHODES STATE.

*When it comes to choosing a college, there's a lot to consider — from tuition costs and degree options to class sizes and convenience. That's why we want you to have all the facts about Rhodes State, so you can make the right decision for your tomorrow.*

Some things you should know about us:

## 1. We're simply a better value.

We have some of the lowest tuition fees in West Central Ohio. That means two years here *cost about 50 percent less* than the same amount of course work at a four-year public college.

## 2. More of our students who transfer complete their bachelor's degrees.

Compared to other two-year colleges, our students who transfer have one of the highest university completion rates in the state.

## 3. The proof is in the transcripts!

Our students who transfer and graduate from universities have some of the highest GPAs in the state.

## 4. We're growing — fast.

With nearly 4,000 students, we're one of the fastest growing two-year colleges in Ohio. Why? Because more and more people appreciate our ability to provide a quality education at an affordable cost.

## 5. We offer Associate of Arts (AA) and Associate of Science (AS) degrees.

Our AA degree has a liberal arts emphasis and prepares you to enter a bachelor of arts program. Our AS degree is designed for students who want to pursue a bachelor of science program. You can go on to study business, criminal justice, chemistry, physics, engineering and more.

## 6. Your credits will transfer.

As part of the University System of Ohio, our AA and AS degrees are approved to transfer to other public and private universities throughout the state.

## 7. Our students get both traditional and hands-on instruction.

Our faculty blend real-world insights and practical learning opportunities with traditional classroom instruction.

## 8. We offer training in steadily growing fields.

We offer degrees and certificates in fields like information technology, law enforcement and allied health — all of which have bright outlooks for future employment.

## 9. We have strong ties to business and industry.

We maintain partnerships and outreach relationships with many area businesses, which give you access to internships, job placement assistance and more.

## 10. Need to pick up a new skill? We have you covered.

We're the region's leader in workforce development. We've provided more than 2,100 specialized training courses to over 18,000 employees.
