Rhodes State College Hosts Annual Open House

LIMA, Ohio – Rhodes State College will hold its annual and popular campus-wide open house on Presidents’ Day, **Monday, February 16 from 2:30-6:00 p.m.** This is a great opportunity for community members and prospective students to learn more about Rhodes State’s 75 programs offered in Allied Health, Arts & Sciences, Business, Public Service, Nursing, Information Technology and Engineering Technology.

College faculty and staff will be on-hand to answer questions, and several programs will be holding interactive demonstrations. In addition, visitors can speak with professors, review financial aid and admissions processes, interact with current students, and learn about co-op and internship opportunities. Current high school students can learn more about the benefits of College Credit Plus—a program where students take high school and college credits simultaneously.

“The Open House enables students and their families to see firsthand what Rhodes State has to offer,” said Dr. Cynthia Spiers, Vice President for Student Affairs. “It promises to be both informative and fun. There are many activities and presentations this year along with tours of campus. We are excited to showcase our transfer degrees where students can complete their first two years of a bachelor’s degree closer to home, while saving money before transferring on to a four-year university.”

For more information or to register, call (419) 995-8320 or go to www.RhodesState.edu/OpenHouse.
