## **Rhodes State Offering Training Classes in January**

LIMA, Ohio – Rhodes State’s Division of Workforce, Economic Development and Continuing Education, the West Central Ohio Manufacturing Consortium and the Northwest Ohio Manufacturing Extension Partnership are proud to announce a number of classes being held next month.

**OSHA 10-hour General Industry, January 15 and January 22, 8:30am- 2pm.** This program is intended to provide an entry-level worker general awareness in recognizing and preventing hazards in an industrial setting. OSHA recommends Training Program courses as an orientation to occupational safety and health for workers covered by OSHA 29 CFR 1910.

**Wastewater & Pretreatment Program, January 15- May 7, Thursdays, 4- 7:30pm.** This course will cover pretreatment programs, rules and regulations, federal regulations and basic waste water treatment.

**National Electrical Code & Application training, January 20-March 10, Tuesdays, 4 - 8pm.** This course is designed for individuals with an industrial electrical background. Topics covered include: general wiring and fundamentals; wire, raceway, and box sizing; branch circuit calculations; services and feeder calculations; grounding and bonding; overcurrent protection, motor-circuit wiring, transformers, hazardous location wiring, emergency and alternate power systems, industrial electrical applications.

**NFPA 70E Electrical Safety Training, January 21, 8am- 4pm.** This workshop offers an introduction to the importance of electrical safety, shock hazard analysis, arc flash hazard analysis, and lock out/tag out.

**Giving Performance Feedback: Coaching for Employee Performance and Development. January 22 or 29, 8am- 12 noon.** This workshop examines the basics of providing coaching and feedback in a supportive work culture.

Some pre-requisites apply. For further details and registration information, contact April Sybert at (419) 995-8406 or [Sybert.A@RhodesState.edu](mailto:Sybert.A@RhodesState.edu).
