OUTSTANDING ALUMNI AWARD

Benjamin B. Stobbe
Associate of Applied Science, Nursing – 1987

According to Mr. Stobbe, it was his “time spent at James A. Rhodes State College in the Nursing program that launched his unique and fast-advancing career.”

After graduating from Lima Technical College, Mr. Stobbe started as a Registered Nurse at Riverside Methodist Hospital in Columbus, Ohio working in the areas of neurology/neurosurgery, trauma, critical care, and vascular/thoracic. He joined the hospital’s team to design one of the first interprofessional simulation centers in the country. This experience led to his involvement with the design, construction and management of simulated health teaching labs at the University of Toledo and, currently, the University of Nebraska Medical Center.

As Assistant Vice Chancellor, he provides leadership for the Sorrell Clinical Simulation Lab, College of Pharmacy Simulation Lab, Simulation in Motion Nebraska (Sim-NE), and the new Davis Global Center. Ultimately, Mr. Stobbe wanted to be able to help all levels of learners get hands-on practice with clinical practices through the introduction of a simulation-based curriculum, which conveys material that is more interactive and experiential than learning from a textbook or lecture. His goal is to help create safer patient care providers and enhance patient safety.

In addition to his associate degree in nursing, Mr. Stobbe also completed a bachelor’s degree in Business and an MBA from the University of Phoenix. In 2010, he became a TeamSTEPPS (Team Strategies and Tools to Enhance Performance and Patient Safety) Master Trainer. TeamSTEPPS is an evidence-based set of teamwork tools, aimed at optimizing patient outcomes by improving communication and teamwork skills among health care professionals.

“I look, occasionally, back at the start of my nursing career and am grateful for the path that I was directed towards [at Rhodes State College], since it has allowed me to experience an exciting professional career as well as enjoy a level of personal growth,” he said. “I know that I would not have been as successful and fortunate if I had not achieved my nursing education and had a clinical career first. I am grateful for the path that I was afforded since this has allowed me to experience an exciting professional career as well as being able to help others.”

2021 ALUMNI CIRCLE OF EXCELLENCE INDUCTEES

Trina D. Carter, Associate of Applied Science, Nursing – 2013

COMMENCEMENT SPEAKER

*Matt Huffman
President, Ohio Senate*

Senate President Matt Huffman is currently serving his second term in the Ohio Senate, representing the 12th Senate district which includes all of Allen, Champaign, Mercer and Shelby counties, as well as portions of Auglaize, Darke and Logan counties. He was elected by his colleagues to serve as Senate President for the 134th General Assembly. In that role, Senator Huffman is responsible for leading the Chamber and setting the policy agenda. He previously served four terms in the Ohio House of Representatives, the last two in leadership positions, including being elected by his fellow legislators to serve as the second highest-ranking member, Speaker Pro Tempore.

Born and raised in Lima, Ohio, Senator Huffman has practiced law for the past 30 years in his family's private practice law firm in downtown Lima. He has been admitted to practice in all of the state and federal courts in Ohio and is an "AV" rated attorney by the Martindale-Hubbell rating service, the highest rating an attorney can receive. He has represented dozens of small businesses in West Central Ohio.

Senator Huffman began his public service on Lima City Council in 1992, serving until 2006, including the final seven years as City Council President. In 2007, he began his service in the Ohio House of Representatives. During his time in the Ohio Legislature, Senator Huffman championed bills to reform the medical delivery system, protect life at all stages and reform the state's education system. He has always maintained a strong commitment to the preservation of gun rights.

Senator Huffman has been a tireless advocate of removing unnecessary government regulations and fees and lowering taxes for all Ohioans; he defeated an income tax increase while on Lima City Council and supported the reduction of state income taxes on small business owners and the elimination of the Ohio estate tax. While in the Ohio House, he was named a "Guardian of Small Business" and earned three "Watchdog of the Treasury" awards.

Senator Huffman is deeply concerned about our nation's debt and was a primary sponsor of resolutions in both the Ohio House and Senate to call for a convention of the states, as authorized by Article V of the U.S. Constitution, to propose a balanced budget amendment to the Constitution. He believes the states must take back the power they have relinquished to the federal government in order for our nation's debt crisis to be solved.

Senator Huffman is the fifth of nine children born to Lawrence and Shirley Huffman. He graduated from Lima Central Catholic High School in 1978. He then went on to earn his degree in Government from the University of Notre Dame in 1982 and his law degree from the University of Cincinnati School of Law in 1985.

Married for over 30 years, Senator Huffman and his wife Sheryl (nee Simoneau) have made their home in Lima, where they have raised four children: Clare, Matthew, Ellen and Sam. His first grandchild, Margot Ann Haenszel, was born in June 2017. In addition to being members of St. Charles Church, he and Sheryl belong to several community organizations including Heartbeat of Lima and the Knights of Columbus.

While every effort is made to ensure accuracy in the Commencement Program, printing deadlines sometimes prevent inclusion of graduates' names or may result in use of names of persons not completing graduation requirements. This printed program, therefore, should not be used to determine a student's academic degree status.
