

# Rhodes State College is the right place to get you on the right career path!

## STOP 1: Get to Know Yourself

Begin exploring and identifying your interests, skills, values, personal traits and career goals. Use Rhodes State's FOCUS 2 assessments to help guide your passions into a career.

## STOP 3: Identify Your Programs

Begin looking at programs that fit your goals, passions, and skills. Rhodes State offers a variety of academics to fit your educational demands.

## STOP 5: Get Connected

Create a professional resume early to be ready to apply for job positions at any stage in your life. Complete your College Central Network profile and upload your resume so employers find you!

## STOP 6: Explore your Career

Search for internships, summer jobs and volunteer positions in your career field to enhance your resume and go beyond your educational goals!

## STOP 4: Research Careers

Start to gather information about the majors and careers that interest you. Researching potential careers can help give a better understanding of your future opportunities.

## STOP 2: Meet with the Director

Meet with Krista Richardson, Director over the Office of Career Development, to debrief your FOCUS 2 assessment results and start planning early for your educational journey. This meeting can take place in-person or virtually.
