

Upskill your current workforce or attract new employees

The TechCred window is open until June 30, 2021

Employees can:

- receive training one class at a time to earn microcredentials
- in some classes, earn college credit toward a degree or certificate
- take classes online or in the classroom

Ohio's TechCred Program gives employers the chance to upskill current and future employees in today's technology focused environment.

Employers who submit successful applications will be reimbursed up to \$2,000 per credential when current or prospective employees complete eligible credentials.

For more information on TechCred please visit <https://techcred.ohio.gov/wps/portal/gov/techcred>
