SPOTLIGHT

Jodi Pierstorff

American Sign Language has always been a passion for Jodi, but she never dreamed she would be able to share her passion with so many. After having a family, she decided to return to school and earned her associate's degree interpreting from Sinclair Community College, her bachelor's degree from Charter Oak State College, and her master's degree from Marygrove College. She has been teaching for Rhodes State College since 2016, and having CCP students always reminds her of where she started and why she loves what she does, sharing her passion with students.
